Board Meeting - November 20 8:30 - 10:00 am at CYC

# CYC Board Minutes Empower MediaMarketing Annual Meeting

Board Members Present: Toi Jones, Kenneth Webb, Greg Metz, Chuck Ackerman, Barbara Szucsik,

Jeff Wampler, Michelle Hershey, Gail Williams, Dan Molina, Jesse Turner, Amanda Penick, Doug Brueckner, Steve Condon, Monica Hitchcock, Marcus Thompson, Ellie Reiser, Patrick Russell, Terence

Daniels, Joel Stone and Jack Geiger

Board Members Absent: Jim Price, Tony McDaniel, Stephen Avila, Laura Mitchell, Todd Wade,

Yvette Simpson, Stephanie Shepherd, John Fickle, Kathy Vuturo, Tom

Marth, Tamaya Dennard and Alex Wilkes

Staff Present: Jane Keller, Dave Plogmann, Jenny Jostworth, Billie Sue Toepfer, and

Karen Connell

Guest: Amy Thompson, USA Regional Chamber and Chris Graberkiewicz-Davis,

SVP of IPSOS

I. Welcome: Toi Jones

Meeting called to order at 3:10 P.M.

- May 15, 2018 board minutes approved by board w/ one correction Doug Brueckner was present
- Motion to approve City of Cincinnati Certificate of Corporate Resolution made by Dan Molina, seconded by Joel Stone with unanimous board approval.
- Toi ask board to complete Conflict of Interest Policy and turn it in today. **Action**: Karen to follow up with absent committee members to ensure 100% completion

## II. Board Member Slate/Terms and Board Composition

Dan Molina

- Introduced new slate of board members: Patrick Russell, Joel Stone, Terence Daniels, Ellie Reiser, Marcus Thompson, Monica Hitchcock. Alex Wilkes and Tamaya Dennard weren't able to attend. Terence and Patrick are the first CYC alumni and were nominated by staff.
- Dan spoke about the importance of board diversity gender, race, age, tenure, skills and expertise – in governance leadership. CYC benchmarks itself to Board Source, a national governance/leadership publication. We show well with diversity with opportunity for individuals from the philanthropic sector and continued focus on the greatest generation and gender. We have addressed the millennial gap from 2017.
- Renewed 4 current directors for additional 2019-2021 term cycle Jack Geiger, Jeff Wampler, Tony McDaniel and Gail Williams and to renew the one year term of the executive committee. Motion to approve renewal of terms was made by Barbara Szucsik, seconded by Jesse Turner, unanimously approved by board.

## III. Current State Trends- Strategic Plan and Key Trends (see handout)

Jane/Dave

- Strategic Plan Objectives:
  - Crystalize CYC identity and impact in the community: Build a focused strategic communications platform for execution. Research complete, solidify strategic communication plan

- Serve more youth with high quality programs- expansion of JCG program, 4 middle schools and 1 high school; doubled mentored students and added JCG paid summer work experiences – 3<sup>rd</sup> year for high school and summer pilot for middle school
- Maximize all funding segments Continued focus on all sources with a specific focus growth on individual donations this year. Fee for service and foundations (corporate and family) continue to grow.
- Grow technology, talent and volunteers: integrated student data across programs; hired HR Manger with focus on workplace, designing internal job growth opportunities, launched HR committee and launched culture committee to focus on training, appreciation, transparency, collaboration and workplace issues: expand volunteer opportunities beyond mentoring for community engagement and build an alumni strategy that creates value for engagement and growth
- Key Growth Trends- Students Growth, Programs and Outcomes (See handout)
  - Student Growth- double students since merger with intentional slower growth in FY19 and beyond until revenues grow to support student growth
  - Student Programs- college and career advising historically supports largest number
    of students, however, JCG expansion and mentoring growth continue to shift their
    percentages up. JCG has the most balanced of revenue inputs public, service fee
    and unrestricted with college and career having the most opportunity for revenue
    sources other than public.
  - Student Outcomes Growth student outcomes continue to be strong across the last three years with the three e's - enrollment, employed and enlisted showing strong outcomes above 90%.

#### Staff Capacity

- 57 staff with an increase in male staff from 2 years ago.
- Ratio of staff to students depends on service with JCG having the lowest staff to student ratio due to its structured classroom approach and requirements of the national JAG program.
- CYC is a multi-generational workplace- 39% millennials; 38% Gen-X; 23% Boomers
- O Tenure- 34 %< 1 yrs.; 38% 1-3 yrs.; 9% 4-9 yrs.; 19% 10+yrs. **Future Action Step:** benchmark against nonprofit sector

#### IV. FY 19 Budget Update

**Steve Condon** 

- Steve gave a brief background view of CYC's financial history and said we operated on a balanced (or surplus) budget FY 2013-FY 2016.
- Deficits in FY 2017 and 2018. The strategic plan was to expand and serve more students, which provided risk if revenues did not grow to support the student support. That has proven to be the case. Prior surpluses helped offset FY17 deficit, however, FY18 operated at a larger deficit than anticipated.
- He gave an overview of FY19 budget and said our revenue must catch up with the
  expense side of the budget. The projected net deficit for FY19 is 131K, however,
  because of some one-time savings (COO replacement timing) the deficit could be 90K.
- We have to grow future funding streams to balance FY20 (which does not project student growth) or we'll have to make some difficult decisions concerning the amount of students served
- Motion to approve FY19 Budget was made by Joel Stone, seconded by Gail Williams with unanimous board approval.

## V. Development Research Findings

## Chris Graberkiewicz-Davis/ Jeff Wampler/Dave

Themes: Focus on Winning with Cause Minded Consumers

Targeted Greater Cincinnati cause-minded consumers who live in the Greater Cincinnati Metropolitan area, over 18 years of age, mix of genders, ethnicities and income, and must have attended an event, volunteered time or money for a non-profit/charity in past 12 months.

- Key Objective
  - o Identify baseline brand equity and awareness
    - Overall awareness of CYC is very low
    - Those who know us, core brand is strong
    - Once discovered, CYC brand drives strong donor and volunteer resources
  - o While awareness is low compared to both national and local peers, we perform better on solving key issue of poverty which our youth face
  - o Key is to optimize our current communications
    - Student life success stories compel people to donate time or money
    - Existing materials well received, but should be fine tuned
  - O Ways to better engage and target potential donors and volunteers
    - Make it personal
    - Drive Brand trial
    - Maximize Digital
- Adopted a multi-phase approach to address CYC's needs
  - Conducted 2 cause-minded Consumer Connect sessions with a total of 24 consumers.
  - Distributed an online survey of 371 consumers that reside in the Greater Cincinnati area
- Next Steps
  - o Deeper dive on quantitative results
  - Stop/Start/Continue Plan for communication strategy
  - Implement calendar of key research insights sharing for balance of year board meetings

## VI. Board Excellence: Moving from Good to Great

Amy Thompson

- Board engaged in activity to visualize why they became a CYC board member. 100% of board members were standing after the following were asked.
  - o If you joined this board because someone else asked you to
  - If you are a company representative or someone from your company said this is an important organization for your involvement
  - o If you had a personal experience and that is why you wanted to join the board
  - o If you truly love what CYC is all about
- Research has shown that mission driven boards are much more effective 80% of people report mission fit as top motivation.
- How do we go from good to great? There are 4 critical areas each board member should think about and help drive:
  - Oversight
    - Advance the Mission and Purpose
    - Ensure legal and ethical integrity, duty of care, loyalty and compliance
    - Fiduciary Responsibilities

## o Strategic

- Select and support the Executive Director
- Ensure effective planning
- Monitor and strengthen programs and services

# Externally Focused

- Advocates of CYC Mission (Board must be the megaphone for CYC)
- Everyone is a fundraiser (Give & Get)

## Leadership

- Build a competent board
- Be fully committed- Time: read materials and ask questions; Treasure: help board reach 100% goal of board involvement; Talent: serve on a committee, work on a project, make connections

#### Recommendations:

- Hire a talented CEO and support the individual, understand the programs, create a new strategic plan with the new CEO and find roles within the plan to engage, create a task force to look at \$ sustainable model and deepen relationships with other board members.
- Board Engagement Plan- Toi asked board to take 5 minutes to fill out their Annual Board Engagement Plan and turn it in to Dave Plogmann. Action Step: Dave and new CEO to review and discuss with executive committee

# VII. Adjourned to Happy Hour

Respectfully submitted,

Jack Geiger, CYC Secretary

CYC's on-time graduation rate is 96%!

# **Program Highlights:**

# Mentoring

- In partnership with Life Solutions Network, CYC was asked to co-lead the 1<sup>st</sup> Greater
   Cincinnati Mentoring Summit on November 7, 2018 from 9a-12p. Chief Isaac has agreed to
   be the Keynote Speaker. Agencies across Cincinnati and Northern Kentucky are scheduled
   to attend. CYC will be sharing some best practices in Mentoring with participants.
- CYC's Mentoring Program was selected to partner with CPS and UC to launch the IT Early College Program at Shroder High School. This program will match interested students with IT professionals in the community who will mentor them through high school. Students successfully completing the program have guaranteed admission to UC IT program when they graduate and will have completed a year of IT college course work while still in high school.
- CYC has been selected by the University Of Cincinnati School Of Social Work to be a Field Placement site for undergrad social work students for this upcoming academic year. Antione will be supervising this social work student for the school year under the guidelines of the NASW Code of Ethics and the Counsel of Social Work Education (CSWE). This opportunity will start introducing future social workers to our agency in hopes that they may consider us for employment after they graduate. In addition, this will be another great way to start recruiting talent to our agency, especially as we move to a more Family Centered approach at CYC.

# **College and Career Success**

# Gear Up

GEAR UP started the academic year with the hiring of a new middle school advisor. At the end of August Gear Up welcomed over 135 9<sup>th</sup> grade students with their successful Ignite Program. The students enjoyed team building, community building, and a day of learning expectations of 9<sup>th</sup> grade, high school, and beyond. The students were led by 22 Ignite Peer Leaders, the Gear Up team and the CYC AmeriCorps guides!

# **AmeriCorps**

AmeriCorps Ohio College Guides Program is off to a great start. We have hired 9 of our 10 college guides. Guides attended their first professional development training by attending OACAC Articulation meeting in September. The program also celebrated 10 years of service with a gathering of past and current service members!

# **Talent Search**

The Talent Search Team has seen a few changes in the last few months! We have hired 4 new advisors, and will be hiring a Talent Search Mentor Coordinator within the next couple of

months. Talent Search is excited to implement a curriculum that will serve as framework for the students served in each of the CPS buildings. This same will serve as framework for all of the CCSP teams. Talent Search was notified in the latest GAN that additional funds would be allocated to our program! We will be serving an additional 50 students with our total numbers served will be 1,216 for the remainder of the grant period.

# JCG Highlights

# Jobs for Cincinnati Graduates Update

Summer 2018 SWEO (Summer Work Experience Opportunity) included a new partnership with ACI, Allied Construction Industry, which included 8 wks. of intensive training in the field of Construction. We are happy to report that out of the 5 young men that started the training, all successfully completed the program and have secured FT employment, 3 at Messer Construction, 1 at John R. Jurgensen Construction and 1 is at IBEW Electrician Apprenticeship program and working at Kathman Electric.

In addition, several students received FT/Permanent offers from Senator Sherrod Brown's Office, Children's Hospital, Primo Spa & Services, Dawson & Dawson and Elementz. On July 27<sup>th</sup>, the end of the program reception brought together over 125 students, parent and business leaders from the Greater Cincinnati area.

## JCG Middle School & High School Expansion Update

We are up and running. We have secure both an exception MS team, and a HS Career Specialist, for the following new sites:

Hughes Stem HS (MS)
Riverview East Academy (MS)
Withrow University HS (MS)
Woodward Career Technical HS (MS)
Shroder Paideia HS (HS)

# Development and Marketing Committee Update - September Board Meeting

# **Development Update:**

- All focus on Dream Makers going to have to over deliver on "night of" revenues via paddle raise and auction items to achieve goal of \$210,000
  - Corporate sponsorships were down \$20,000 vs prior year (PNC, Accenture and Trustaff were biggest hits).
  - As of 9/4 total revenues at \$144.3 or 69% to goal (includes sponsorships, ticket sales, paddle raise pre commitments)
  - Assuming we bring in another \$10,000 in pre event tickets sales and pledges over the next 30 days, that would leave us with a very aggressive "night of" goal of \$56,000 between the live auction, paddle raise and raffle.
- Total donors tracking ahead of goal with a +21.6% for first two months of year vs prior year. Full year goal of 700 donors represents a +18.6% lift vs FY18.
- Grant Revenues have been strong.
  - \$341,000 or 45.2% of \$753,000 total planned foundation revenues (both new and prior year restricted) have been received thru 8/31/18.
    - Additionally, \$87,500 in restricted revenues for FY20 have been received already

# Marketing Update:

- Developed Start/Stop/Continue actions from Research (included in packet)
- Entire cost of Qualitative Research (\$3,000) was donated by Michael Holmes from EMI Research Solutions. Special thanks to Chris Grabarkiewicz Davis, Marketing Committee Member, for negotiating this support. Please keep both Michael and Chris in mind for any research and data needs! Tell them CYC sent 'ya!

Michael Holmes

Chris Grabarkiewicz-Davis
President – Client Intelligence, LLC

# CYC STOP/START/CONTINUE FROM RESEARCH

START

between students, staff & stakeholders Relentlessly facilitating personal interactions

STOP

Missing the opportunity to tell the postgraduation "rest of the story"

CONTINUE

Maximizing digital opportunity via social media

◆ Honoree Dianne Dunkelman

# LIVE! on CET to honor Dunkelman, her team

rsday, Sept. 27, 5:30 p.m., Jack Casino

The 2019 LIVE! On CET Gala will ognize Dianne Dunkelman, founder Clever Crazes for Kids, and her team. 'CET and Clever Crazes for Kids re a common goal: to use our ources to help children develop the blem-solving and critical-thinking lls they'll need throughout their s," said David Fogarty, CET presit and CEO.

Dunkelman created Clever Crazes Kids in 2006 after realizing the need to educate kids about improving their health and that of their families. The organization uses fun, free, interactive online games to instill in children a lifelong love of learning.

The gala will include a cocktail reception, dinner, silent auction, live auction and buy-a-box.

Money raised at LIVE! on CET supports CET, Cincinnati's PBS station.

Tickets are \$200, which includes two drink tickets.

# 'Shop for good' at International Fair Trade Sale

Friday, Sept. 28, 4-8 p.m.; Saturday, Sept. 29, 10 a.m.-3 p.m., Episcopal Church of the Redeemer, Hyde Park

Shop for unique, handcrafted fair-trade items and help improve lives around the globe by attending the second annual International Fair Trade Sale.

The sale features hundreds of products made by artisans from Asia, Africa, South America and Central America who are paid a fair wage for their work. Vendors include Bead for Life, It's Only Fair, Alpacas of the Covenant, India Designs and Ten Thousand Villages. Some proceeds from the event will benefit El Hogar Projects, four Episcopal schools that serve impoverished children in Tegucigalpa, Honduras.

Fair Trade is an independent, third-party certification organization working in partnership with more than 1.5 million producers in developing countries. Its mission is to secure decent working conditions, fair prices and better terms of trade.

# etty on practical chairs

Furniture Bank received new chairs from Slim ompany. The modular res built-in storage and can repeatedly reassembled, those who move often. The to people facing extreme omelessness.

# PreventionFIRST awarded \$150K federal grant

PreventionFIRST has been awarded a federal grant of \$50,000 a year for three years to prevent and reduce abuse of opioids or prescription medications among young people.

PreventionFIRST, formerly the Coalition for a Drug-Free Greater Cincinnati, coordinates with the Prescription Drug Abuse Prevention Action Team. The grant was awarded under the federal Comprehensive Addiction and Recovery Act.

# Library summer program gets \$40K

The Public Library of Cincinnati and Hamilton County received a \$40,000 contribution to help support the Summer Adventure program.

The money came from the Library Foundation of Cincinnati and Hamilton County. It is one of the first significant distributions from the foundation's unrestricted endowment.

This summer, the program registered more than 33,000 people. Cardholders logged over 45,000 weekly checkins, and the library served more than 13,000 meals and snacks to children.

# Funds go to schools' suicide prevention programs

Area schools received boosts for suicide prevention programs. 1N5 announced a \$5,000 grant to Mariemont schools to tackle youth suicide. Greater Anderson Promotes Peace and Alumni for Change announced a \$10,000 crowd-sourced contribution to the Forest Hills Foundation for Education to fund Hope Squad, a school-based peer support program.

# \$5K to Redwood for early childcare

Toyota Motor Manufacturing, Kentucky, awarded a \$5,000 grant to Redwood in support of Redwood's Early Childcare Program, which serves children with and without disabilities. The grant enabled Redwood to purchase items such as books, batteries, teaching supplies and assistive technology devices for children with disabilities.

# Food collection weighs in

Brighton Center's Homeward Bound Shelter and Family Center received 8,000 pounds of food collected by Vans Warped Tour and Feed Our Children Now.

# Macy's volunteers give kids a fresh start

As part of Macy's annual Give Back Day, more than 200 employees volunteered to spruce up Frederick Douglass Elementary, the neighboring Bush Recreation Center, and Spencer Center for Gifted and Exceptional Students for the new school year. Projects included painting playgrounds, creating a nature playscape with pollinator garden and bug hotel, and a new mural for the Douglass Elementary library.

# Keys to College Success to help students stay in school

The Cincinnati Youth Collaborative and the KeyBank Foundation are launching a two-year program called Keys to College Success to fund first-generation college students.

The \$75,000 grant from the KeyBank Foundation will serve students with urgent financial needs to help them avoid dropping out of college. Students would be eligible for up to \$1,500 annually.

# Volunteer Committee Update - September Board Meeting

- CYC YP Board is now official. The group has 15 members and held their first meeting on Thursday August 30th. There are 5 sub-Committees; Fundraising, Community Outreach, Marketing & Communications, Membership & Alumni Relations, and Social & Professional Development. The board will also host the Dream Makers YP Happy hour.
- The Preston Brown Foundation has agreed to partner with CYC. Preston will be our special guest at the YP Hour and will also attend Dream Makers along with their foundation board members. In addition to purchasing a table at Dream Makers, the foundation also donated a Preston Brown Bengals experience that will be auctioned during the live auction. Preston will begin mentoring a student from Hayes Porter elementary at the end of football season.
- Annual Volunteer Thank a Thon will be held in November 15 starting at 4:30. All are welcome to join in the fun of calling volunteers and saying THANK YOU!

Cincinnati Youth Collaborative Finance Committee - Meeting Minutes July 10, 2018

Meeting called to order at 9:02 a.m.

**Present:** Steve Condon, Chris Dirksing, Michelle Hershey, Stephanie Shepherd, Jane Keller, Stephanie Hoffman, Jenny Jostworth and Dave Plogmann

Chris motioned the approval of the minutes from May 7, 2018; seconded by Michelle and approved by all.

# May Financials:

Jenny reviewed the financials as of 5/31/18. The projection for year end is a deficit of \$190,000 -210,000.

The CYC facility is sub-leased from Mayerson and the current term is one year. CYC has built a strong relationship with Cincinnati Public Schools, who owns the entire building, and can use that to engage in a contract without Mayerson, if necessary.

## FY 19 Draft Budget:

Since the budget discussion in May, CYC learned that we were not awarded the Community Connectors (Mentoring) grant for FY19. This grant was in the original budget for approximately \$125,000. The income, plus the required match expenses, were removed for the budget.

It was also noted that the COO position is budgeted for the entire year, but that position has not yet been filled. The projected start for the new COO is November, which should result in an adjustment of approximately \$41,000.

The website re-work is still in the budget for \$10,000.

The development team is hoping to tap into JCG legacy money with third mailer in FY19.

Michelle motioned to present budget to the Board at next meeting; seconded by Chis and approved by all.

#### Cash Projection:

Projection shows that cash is currently tight and will likely be again towards the end of the third quarter. For the current shortage, CYC will draw from the CBank line of credit. It was suggested that we work with Chris Meyer to begin drawing on investment funds for the future timeframe.

# FY 18 Audit Timing:

Audit will be completed by Clark, Schaefer, Hackett and is scheduled to begin July 30, 2018.

Meeting was adjourned at 10:18 a.m.

# September 2018 President's Report

# Board/Volunteer recognition

Stay tuned for November's report

# Staff/Program/Student recognition

CYC's AmeriCorps programs celebrates 10 years! The program served as the predecessor for the state wide Ohio College Guide program. Alumni gathered at Graydon on Main to celebrate. Members have served over 10,000 students in Cincinnati Public Schools, earned over 200,000 national service hours, and acquired more than half a million dollars in the form of the Segal Education Award! Seven of AmeriCorps members are now CYC employees – JCG, mentoring, and college and career advising.

CYC's group mentoring program, Saturday Hoops, partnered with ArtWorks and Cincinnati Recreation Center (CRC) to paint a mural on the CRC HUB across from Findlay Market. The theme overcomes, cheerful givers and hard work describes the Saturday Hoops.

CYC YP/Alumni board launched with their 1<sup>st</sup> meeting in August. They are tackling a YP Happy Hour at the Dream Makers Celebration.

CYC Alumni and UC graduate, Will Lampkin, is now working at CYC as our marketing specialist. Rumor has it that WCPO reporter, Lucy May, will be doing a story about Will.

Judith Moore Tucker celebrates 35 years of service

# Noteworthy items

- JCG expansion launched in all schools with new hires. Hats off to Judith
- College mentors still needed for expansion at UCBA and Cinti State. Sign on as a college mentor or help Audrey Holtzman, volunteer manager, by recruiting from your networks – friends and workplace.
- Audit completed nonqualified opinion with no management comments

# Calendar of Events

Date		Event	Board Roles	Time
2018

# Cincinnati - Hamilton County

# A proud partner of the American Job Center network

# **PURPOSE**

The purpose of the Southwest Ohio Region Workforce Investment Board is to set policy and oversee the federal Workforce Innovation and Opportunity Act (WIOA) and other funds obtained by the SWORWIB within the City of Cincinnati and Hamilton County under the guidelines and for the designated outcomes of the funding sources.

# VISION

To lead the way in public workforce innovation, providing outstanding service to our diverse customer base, community and region.

# MISSION

To provide our employers with a prepared workforce by connecting job-seeking customers to opportunities that build their career readiness, thereby contributing to the growth of our community and region.

# WHAT WE DO

The SWORWIB is a nonprofit organization serving the City of Cincinnati and Hamilton County in workforce development. The SWORWIB is comprised of leaders from business, education, labor, and government, with the majority of the board representing businesses. The SWORWIB sets the vision, policy direction, and performance expectations for the regional workforce development system, funded through federal workforce legislation.

# WHO WE SERVE

The SWORWIB serves employers, job seekers, dislocated workers, veterans, out-of-school and in-school youth, individuals with disabilities and individuals with former offender backgrounds.

# BEST PRACTICES, RECOGNITION AND AWARDS

The National Association of Workforce Boards named the SWORWIB its 2013 WIB Excellence Grand Prize winner for its innovative work in career pathways. The Ohio Economic Development Association awarded the SWORWIB its 2013 Workforce Innovation Award. The U.S. Government Accountability Office has cited the SWORWIB and its career pathway collaborative partnerships as models for other workforce systems.

During program year 2016-2017, Sherry Kelley Marshall, President/CEO of the SWORWIB, was recognized for her service to the Manufacturing Skills Standards Council's Leadership assembly council by her invitation to participate in the U.S. Chamber of Commerce National Convening on Career Development. President Marshall also received the H.G. Weisman National Leadership Award for personal and professional innovation in workforce development from the National Association of Workforce Development Professionals (NAWDP).

# CAREER PATHWAY COLLABORATIVES

Under a variety of federal grants, Cincinnati State opened and operated a job connection after education center, called "Pathway to Employment," from September 2012 through March 2017 at the OhioMeansJobs Center. Great Oaks' Health Professions Academy, which has been operating in an evolutionary growth since a key partnership with Cincinnati Children's Hospital Medical Center in 1998, continues at the OMJ Center with entry level health care certification training. The Health Careers Collaborative of Greater Cincinnati is one of the most recognized successes in career pathway development throughout the United States. The SWORWIB has also partnered with the advance manufacturing

employers, construction and energy employers in various career pathway efforts.

Our newest career pathway initiative is administrative professions across all industries and we have partnered with local IT training providers for programs including .NET, IT Security, Lean Administrative Office Management and Project Management. In addition, the SWORWIB partnered with New Horizons Computer Learning Centers to provide scholarships up to \$5000 to six eligible individuals. Longstanding career pathways include the Advanced Manufacturing, Construction, Health Careers, Information Technology, and Transportation, Distribution and Logistics collaboratives.

# **GRANTS**

The SWORWIB has partnered on or lent its support to more than 100 grant applications since 2008, resulting in more than \$300 million in grants awarded to the region.

# HIRING EVENTS

OhioMeansJobs Center hosts hiring events each month for local employers. The agency provides customized services for each employer including space, staff support, advertising and pre-screening. These are not job fairs but opportunities to interview candidates for current and open positions.

# OHIOMEANSJOBS CENTER

The SWORWIB is responsible for federal standards procurement and oversight of an operator for a WIOA-funded one-stop center. The OhioMeansJobs | Cincinnati - Hamilton County assists job seekers in finding the right job through free educational workshops, career coaching and job leads. OhioMeansJobs | Cincinnati - Hamilton County also works with employers looking for the best candidates by posting openings, applicant

recruitment, screening services, on-the-job training services and National Career Readiness Credential assessment services, all at no cost to the employer.

# ON-THE-JOB TRAINING

Employers can recoup half of the wages (up to \$5,000) paid to new hires through the on-the-job training program. Employers benefit by retaining workers they have trained to their own specifications.

# RAPID RESPONSE

Layoffs continue in Hamilton County. Rapid Response services help displaced workers with training, credentialing and finding new jobs. The SWORWIB is also dedicated to assisting dislocated workers to reskill and improve their interviewing skills in order to become re-employable.

# YOUTH

The SWORWIB contracts with non-profits to provide services to in-school and out-of-school youth each year. The SWORWIB contracted with three non-profits to provide WIOA youth services to more than 619 new in-school and out-of-school youth during program years 2015-2017. During their first year as service providers, 228 in-school youth and 390 out-of-school youth received services. 107 youth met the Literacy/Numeracy performance measure. In addition, 176 youth received a certificate or diploma and 192 youth were placed in employment or education.

Under an innovative approach by Governor Kasich through the Office of Human Service Innovation, the SWORWIB is jointly implementing WIOA youth activities as part of the statewide Comprehensive Care Management Employment Program for 14-24 year old youth who are WIOA eligible and/or receiving funds from TANF federal dollars.

# Cincinnati -Hamilton County

A proud partner of the American Job Center network

# **In-Demand Industry Sectors and Career Pathways**

To continue the support of in-demand career pathways in Southwest Ohio, the SWORWIB has engaged in regional and national efforts to obtain grants and participate in collaboratives for pathway expansion and development of new career pathways.

# ADMINISTRATIVE PROFESSIONALS ACROSS VARIOUS SECTORS

In May 2015, the SWORWIB collaborated with the Ohio Department of Job and Family Services in a statewide application for a Sector Partnership National Emergency

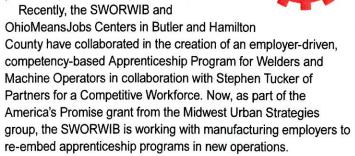

Grant to retrain dislocated workers for burgeoning occupations and industry sectors. The State of Ohio won this grant and funded six Workforce Boards, including the SWORWIB, which has received over \$1 million total funding due to impressive outcomes for the dislocated workers eligible for this

grant opportunity. As of early 2017, 125 grant participants were enrolled in training programs including .NET, IT Security, Lean Administrative Office Management and Project Management. Fifty-five trainees have obtained employment due to their new skills, earning an average wage of \$26 per hour.

# ADVANCED MANUFACTURING

Partners for A Competitive
Workforce inherited an earlier
tri-state regional manufacturing
consortium created by the
Northern Kentucky and Cincinnati
USA Regional Chambers and
has advanced and expanded the sector
partnership continuously since 2009.

The SWORWIB is also working with the Cincinnati Union Co-op Initiative to explore ownership options with manufacturing companies planning changes.

# CONSTRUCTION

The SWORWIB and OhioMeansJobs Center | Cincinnati - Hamilton County continue to support the regional Construction Careers Pathway Consortium and apprenticeship training programs of the Greater Cincinnati Apprenticeship Council as well as pre-apprenticeship training programs of the Greater Cincinnati Building Trades Council,

Allied Construction Industries and Ohio Valley Associated Builders and Contractors. The OMJ Center has assisted with the Annual Apprenticeship Fair conducted by the JATC and International Brotherhood of Electrical Workers with recruitment and assessment of potential apprenticeship candidates, as well as other organizational seasonal events.

Working through the Midwest Urban Strategies Consortium, the SWORWIB is also exploring North America's Building Trade Unions' Apprenticeship Readiness Programs to ascertain any appropriate adoption by the local construction associations into local efforts in the coming years, particularly focused on minority and women candidates for construction trades.

#### **HEALTHCARE**

The Health Careers Collaborative (HCC) began in 1998 and was designed to build a dynamic healthcare careers pathway reflective of employer workforce needs. The HCC works with hospital and other healthcare employers to create and sustain educational opportunities for incumbent workers and new hires. They work closely with community-based organizations to assure that unemployed and under-employed citizens have access to

assessments and training in the workplace

skills required by employers.

In September 2015, Department of Labor Deputy Secretary Lu visited the OhioMeansJobs Center | Cincinnati

- Hamilton County to discuss the Health Careers Collaborative of Greater

Cincinnati. Secretary Lu met with members of the Collaborative and praised their work which

**REV 05-17** 

# **In-Demand Industry Sectors and Career Pathways**

continued from front

was made possible in 2012 by a \$19.6 million grant from the Department of Labor's Trade Adjustment Assistance and Community College and Career Training (TAACCCT) program. Janice Urbanik, Executive Director of Partners for A Competitive Workforce and Sharron DiMario, HCC Executive Director, facilitated the site visit.

The SWORWIB continues to work with the HCC partners to promote healthcare training programs to meet the needs of local employers. In Cincinnati, Hamilton County and surrounding metro area, healthcare positions are consistently one of the top three in-demand jobs.

# INFORMATION TECHNOLOGY

Cincinnati (SWORWIB) was the first Ohio metro area recruited to join the Midwest Urban Strategies Collaborative. The Department of Labor encouraged the formation of the group, serving the Midwest Region, known as DOL Region 5. The group of urban cities has similar workforce challenges and

opportunities and offer unique, innovative practices to be replicated in other cities. The SWORWIB also successfully recruited Columbus and Cleveland to join the collaboration. One of the group's first efforts was to obtain TechHire funding to train jobseekers for high-paying employment. The Midwest Urban

Strategies Collaborative filed a TechHire grant application and "Compete Midwest" as a project approach was born, winning one of the nationally coveted grants. The Compete Midwest H-1B TechHire Partnership is focused on preparing a technically skilled workforce specifically in the metropolitan areas of Milwaukee, St. Louis and Cincinnati. The SWORWIB will share in best practices, strategies and methodologies for serving young adults age 17-29, incumbent workers and long-term unemployed jobseekers. IT as a career pathway effort

has been under way since 2002 in the Tristate area. Now, through Compete Midwest, Cincinnati's IT pathway methods can be shared with other metro areas, while also learning new strategies that may be replicable in the Tristate.

# TRANSPORTATION, DISTRIBUTION AND LOGISTICS

In collaboration with Partners for a Competitive for a Workforce (PCW), the SWORWIB won a joint application for an Industry Workforce Alliance Grant (IWAG) in early 2015. The focus of the IWAG was the Transportation, Distribution and Logistics (TD&L) Career Pathway. The goals for the grant were to build the talent pipeline for TD&L positions and to establish a process that would

provide skill development for employees to secure positions with good paying jobs and career advancement opportunities.

The grant provided funds to develop a high school outreach program and complete the first cross-region TD&L (supply chain) curriculum baseline using a collaborative approach between education and business. Training was focused on critical soft and technical soft skills. Grant partners included Cincinnati State, Napier Trucking, YWCA, Easter Seals, Gateway Community College, Great Oaks Career Campuses. OhioMeansJobs | Cincinnati- Hamilton County, Sinclair Community College and Urban League in Ohio. The team worked together to define skills needed and develop consistent warehouse entry level and Commercial Driver License (CDL) training for the region. The SWORWIB managed 30 grant participants who received Commercial Driver License training through the IWAG. These individuals are now qualified for employment. The region has more than 4,000 heavy tractor trailer and truck driver related job postings monthly.

#### LOOKING AHEAD

The Workforce Innovation and Opportunity Act (WIOA) encourages the development of career pathways – something the SWORWIB has been a leader in since 2001. Additionally, work experience for youth is now a requirement under WIOA, which supports the development of a career-ready talent pipeline.

The SWORWIB expects to collaborate with others to apply for future grants to expand existing career pathways and develop additional pathways to meet industry needs Career pathways are recommended by the State of Ohio for all in-demand occupations. The SWORWIB continues to support credentials and certifications to support Hamilton County's current and emerging in-demand industries. New grants that support IT careers and manufacturing apprenticeships are currently available to local companies.
