Collaborative

FY 2020 IMPACT REPORT

# CYC Programs Overview

## THE MENTORING PROGRAM

### One-to-One Mentoring

Matches caring adult mentors with students on a one-to-one basis; grades 2-12, and students within their first two years of college.

Our mentoring program offers unique focuses to each stage within a student's academic career:

- Grades 2-6; Focus on Social-Emotional Competencies (Self-Awareness, Self-Management, Social Awareness, Relationship Skills, Goal Directed Behavior, Personal Responsibility, Decision Making, and Opportunistic Thinking) and Academic Success.
- Grades 7-12; Focus on supporting students' pathway after high school
- Post-secondary; Focus on persistence and retention of students in college

### Co-Mentoring

An opportunity where two adults share in the mentoring of a student. This mentoring option

offers great flexibility and is oftentimes the preferred choice for young professionals. Enjoy all the elements of one-to-one mentoring but share it with someone else (Co-worker, Spouse, Friend).

### Group Mentoring

This program offers exceptional flexibility. A team of mentors share the responsibility of meeting with a group of students on a regular basis. Focus areas can include: Social-Emotional Competencies, life skills, anti-violence, anti-drug, financial literacy, and more. Programs vary based on the group of mentors, students, and school needs.

# CYC Programs Overview

## THE COLLEGE & CAREER SUCCESS PROGRAM

Programs students to graduate high school and succeed in college

Beginning in junior high and continuing through college, advisors guide students to plan and prepare for post-secondary opportunities. College Advisors work on-site in the schools to provide:

- Academic planning
- College entrance exam preparation
- Financial Aid advising and assisting
- College campus tours
- Scholarships searches and preparation
- College advising and coaching
- Co-op and Internship search assistance
- Career advising

## THE WORK READINESS PROGRAM

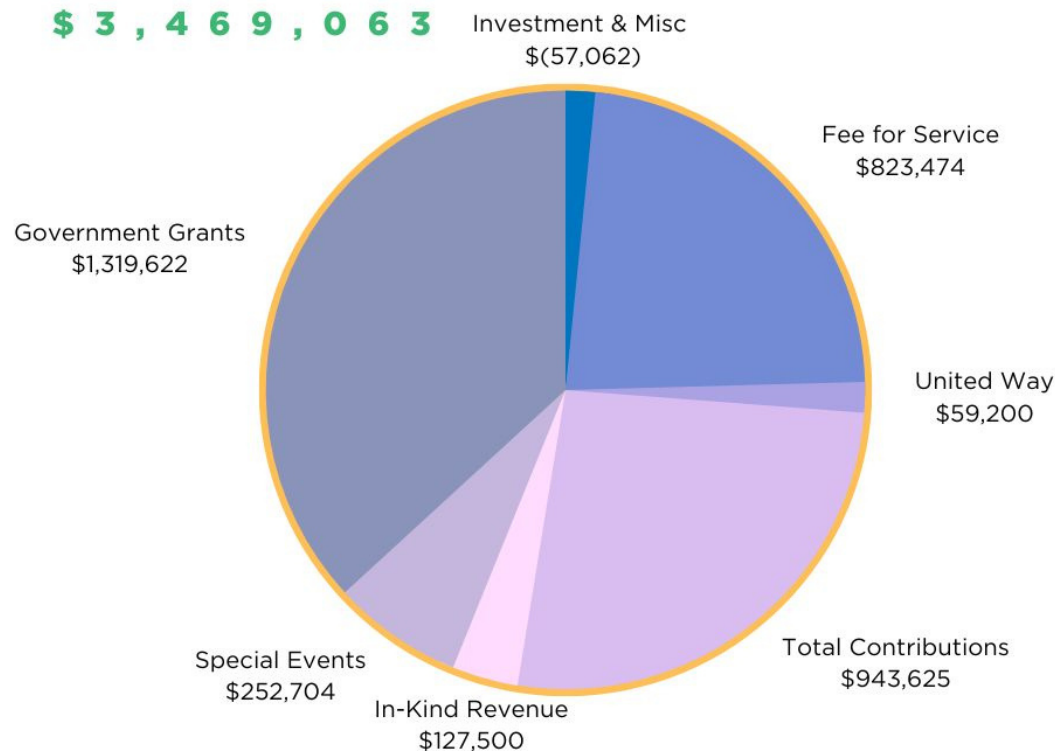

Jobs for Cincinnati Graduates (JCG) is dedicated to preventing dropouts among young people who have serious barriers to graduation and/or employment.

In more than three decades of operation, JCG has delivered consistent, compelling results – helping young people stay in school through graduation, pursue post-secondary education or training and secure quality entry-level jobs leading to career advancement opportunities. Through classroom facilitation, Project-based Learning and Work Experience Opportunities students are taught 37 core competencies in the following cluster areas:

- Career Development
- Job Attainment and Job Survival
- Leadership and Self Development
- Personal and Life Survival Skills
- Work Place Competencies
